

70.10.02 Adult Patient Screening and Vaccination Protocol for Hepatitis B and Hepatitis C

70.10.02c Appendix C: How to switch a patient from one product to the other

Switching from ENGERIX-B to RECOMBIVAX-HB0:

- If 1 dose ENGERIX-B given (i.e. month 0) – give 2 more doses RECOMBIVAX-HB (months 1, 6), then follow 70.10.02b Appendix B.
- If 2 doses ENGERIX-B given (i.e. months 0, 1) – give 1 more dose RECOMBIVAX-HB (month 6), then follow 70.10.02b Appendix B.
- If 3 doses ENGERIX-B given (i.e. months 0, 1, 2) – give 1 more dose RECOMBIVAX-HB (month 6), then follow 70.10.02b Appendix B.

Switching from RECOMBIVAX-HB to ENGERIX-B:

- If 1 dose RECOMBIVAX-HB given (ie. month 0) – give 3 more doses ENGERIX-B (months 1, 2, 6), then follow 70.10.02b Appendix B.
- If 2 doses RECOMBIVAX-HB given (ie. months 0, 1) – give 2 more dose ENGERIX-B (months 2, 6), then follow 70.10.02b Appendix B.
